Name of the Activity: Invited Lecture on 'Health and Mental Health' by Dr Rupali Kaware on Women's Day

Date: 8.03.2022

No of Participants:50

Shri Shivaji college of Education, Amravati organized a One-Day Health Awareness program on 8.3.2022 with a collaborative effort of Dr. Rupali Kaware, Director of Madhavbag, Amravati District. The Health Awareness program was organized with the main objective to promote health sensitive issues and also promote a sense of well being among the students extensively. The Topic delivered on the day of the event was upon Life Style Diseases & Mental Stress. The programme started with a welcome note and then proceeded towards the main function of the day. More than 50 participants attended the programme. Students and staff made efforts collaborately to make the programme a sure success. Stress doesn't only make us feel awful emotionally, it can also exacerbate just about any health condition you can think of. Studies have found many health problems related to stress. Stress seems to worsen or increase the risk of conditions like obesity, heart disease, Alzheimer's disease, diabetes, depression, gastrointestinal problems, and asthma. Experiencing anxiety or depression can make it difficult to eat well, but good nutrition is necessary for your mental wellbeing. A healthy lifestyle can be beneficial for one's mental health. Thus, identifying healthy lifestyle choices that promote psychological well-being and reduce mental problems is useful to prevent mental disorders. Besides imparting motivational speeches, the college authority arranged for open discussion for the students and staff respectively.
