#### 4.2 Library as a Learning Resource

4.2.2 Institution has remote access to library resources which students and teachers use frequently

#### **Answer:**

College library occupies a prominent position and it is an important And integral part of the teaching, learning and research programme. It is not merely a depository of books. The aim of college education and college libraries in inter-related. College library extends opportunities for self-education to the deserving and enthusiastic students without any distinction. College library stimulates the students to obtain, evaluate and recognize knowledge and to familiarize with the trends of knowledge for further education and learning new disciplines. The library supports the academic needs of students, research scholars, and Faculty of the college by providing information resources such as books, journals, periodicals, CDs, proceedings, reference books, project reports, and theses. The library has an organisation collection of thesis of Research student, publication of Teachers, subscribe and open access ejournals, collection of e books, Educational articles, question paper of B.Ed. seminar proceedings etc. The Library acts as a Learning Resources Centre to support the educational and research programmes of the institute by providing intellectual access to information to the faculty and students for their teaching and research. It Fulfill information needs of the Faculty, Research Scholars and Students towards accessing. All information is provided on college website ,Importnt links of Digital Resources are also Provided on college website.
