

**Shri Shivaji Education Society's
Shri Shivaji College of Education,
Shivaji Nagar, Amravati.**

(Affiliated to Sant Gadge Baba Amravati University)

There are plans in place for collecting and separating dry and moist trash. Dust bins are positioned at strategic locations throughout the campus to collect solid trash.

The campus's entire production of biodegradable solid waste is physically collected for composting.

The campus plants benefit from the created manure. A corner is set up for collecting e-waste.

Waste is divided into five categories like general, food, plastic, electronic trash.

Food waste is also used in the compost pit to enhance the soil.

The institution's Principal periodically conducts monitoring.

E-waste items including computers, laptops, scanners, and printers are gathered in the store after approval from management it is given to scrap vendor.

Old monitors and CPUs are repaired and reused

Printing is done only when it is absolutely necessary in order to conserve paper.

Used single-sided paper can be used again for printing and writing.

E-Granthalay software is installed at the library to issue- return books. To reduce the usage of paper, the administrative office uses Campus-ERP software for maintaining official records.
